Classic Series Dynalite Front Brake Kits

Wilwood's Classic Series front disc brake kits for 1965 to 1969 Ford Mustangs offer disc brake upgrade solutions for OEM drum or disc spindles. These kits feature the FDL-M four piston forged aluminum caliper and 11.30" diameter x 0.94" thick one-piece rotors. The FDL-M caliper is a modified version of the time-tested Forged Dynalite caliper, and provides the greatest amount of wheel clearance of any four piston caliper in its size class. The OEM style one-piece cast iron rotors with integrated hubs simplify installation while providing superb dimensional stability and wear resistance. These versatile kits are easily optioned to suit the braking requirements and style preferences for a daily driver or the most discriminating show enthusiast. Intended vehicle applications require no modifications for installation, and clear most 14" OEM disc brake wheels. Kits will not fit OEM drum brake wheels. Classic Series FDL-M kits can be used with either manual or power boost master cylinders, and come complete with calipers, rotors, brackets, hardware, flex lines and detailed installation instructions.

Aluminum Radiators

Our Direct Fit Aluminum Radiators fit up to the factory hoses and original supports with no modifications. No cutting. No bending. No installing different hoses. Each core features a double row of extra wide, high-quality tubes, louvered fins and press-formed end tanks. Cores are furnace brazed for the ultimate tube-to-header welds without epoxy. Best of all, they cost much less than other Aluminum Radiators and they're backed by a three-year Manufacturer's Warranty!

Dye

Interior Dyes, Adhesives & Related

Interior Dye formulated & mixed by us!

Interior Dyes Mustang America's Interior Dye produces accurate color & solid coverage on leather, vinyl, fiberglass, plastic and metal. Available in a 12-oz. Aerosol spray or Quart.

Dye Surface Prep removes dirt, oils & residue before priming. Fast drying & ready to paint in minutes.

Adhesion Promoter promotes strong, even adhesion of topcoat material when repairing or refinishing plastics. Also works on most flexible or rigid plastics on painted surfaces.

Primer For best results, finish off your prep work with our quality primer. Promotes even paint coverage & a better finish.

Spray Adhesive is high-tack to produce a strong bond between hard-parts & materials.

Interior Dye Clear Coat Protects your reconditioning work for years. Covers your interior components with a smooth, protective finish & preserves your interior's color.

Side Exhaust Systems

You may not own an original Shelby Mustang but now you can make your stock 1964-1970 Mustang look and sound like one! Mustang America's Shelby style exhaust kits are patterned after the system that was used on the GT350's giving you increased performance and sound. Each kit includes two intermediate pipes, two 30 inch glass pack mufflers and two side pipes.
Please note: Some exhaust fabrication and welding may be recquired.

Mustang America offers premium TMI Seat Covers. These first generation Mustang seat covers feature exact and authentic colors, which makes matching OEM and TMI colors easy and accurate. TMI vinyl seats use the thickest vinyl in the industry. This helps your seats to look new longer, hold up to wear better and retain their original shape. Even the piping (or welt) on the seat covers are manufactured to be 23 times thicker than vinyl wrapped cord. TMI Seat Covers are professionally **MADE IN THE USA** from the best quality materials, making them the Mustang Restorer's choice! Complete sets include the front bench or bucket seats and the rear seats. Bench seat covers include the center armrest upholstery.

TMI's Pony Interior is officially licensed by Ford.

Mustang America offers premium TMI Seat Covers. These first generation Mustang seat covers feature exact and authentic colors, which makes matching OEM and TMI colors easy and accurate. TMI vinyl seats use the thickest vinyl in the industry. This helps your seats to look new longer, hold up to wear better and retain their original shape. Even the piping (or welt) on the seat covers are manufactured to be 23 times thicker than vinyl wrapped cord. TMI Seat Covers are professionally **MADE IN THE USA** from the best quality materials, making them the Mustang Restorer's choice! Complete sets include the front bench or bucket seats and the rear seats. Bench seat covers include the center armrest upholstery. **TMI's Pony Interior is officially licensed by Ford.**

Rack & Pinion Conversion Kits

Steeroids Rack & Pinion Conversion Kit for Ford Mustang! Your classic deserves greatly enhanced steering control & improved steering feel. Stock steering is vague & unresponsive, especially "on center". Steeroids Rack & Pinion offers much quicker ratios over the stock, barge-like 4 turn lock-to-lock steering. As an added benefit you get a lighter weight steering system - Steeroids saves up to 25 pounds when compared to the stock steering system. All Steeroids kits are an entirely bolt on installation - absolutely no welding, cutting or drilling. Installs with basic hand tools in approximately 3 hours. All Steeroids rack & pinion conversions are complete kits with all necessary parts included.

Kits include: Rack & Pinion, Column (Ford Spline), All necessary Brackets, PTFE lined self-cleaning & lubricating Tie Rod Ends, U-joint Assembly, All necessary Hardware & Fasteners & detailed Instructions. Made in the USA. Five Year Warranty.

1964-1970 CoilOver Systems

RideTech continues to offer today's hot rodders the ultimate in ride quality, handling performance, and now, SIMPLICITY, with RideTech CoilOver suspension packages. Our coil based systems have pre-engineered spring rates, allowing you to leave out the guess work. Our coilover systems are bolt-on solutions that are easy to install and adjust.

LEVEL 2 — Stepping up to our most popular Level 2 system will include upgraded aluminum adjustable shocks, StrongArm control arms, as well as the RidePRO Digital fully programmable electronic control system for air systems. The Level 2 package provides more adjustment and performance potential for both track use and ride quality. For anyone looking for a system that runs well right out of the box while leaving the opportunity for quick adjustments, we recommend this kit.

Complete Level 2 SA CoilOver System for 64-66 Mustang.

Air Suspension Systems

The benefits of an air spring: adjustable ride height, variable spring rate & improved ride quality. Our air systems include impact forged monotube shocks & high endurance airbags that provide superior performance that you would expect from our coil based systems. Air suspension systems may take a little extra work to setup but it's a small price to pay for ultimate adjustability.

LEVEL 1 - The Level 1 system features pre-adjusted shocks that are dialed in to provide a great ride quality and improved handling over stock. The Level 1 Air system is also equipped with a manual RidePRO analog control system to save expense while still providing complete control over ride height. This is a great economical choice for improving ride quality for your cruiser and is an easy way to install an air suspension that will allow you to lower your stance.

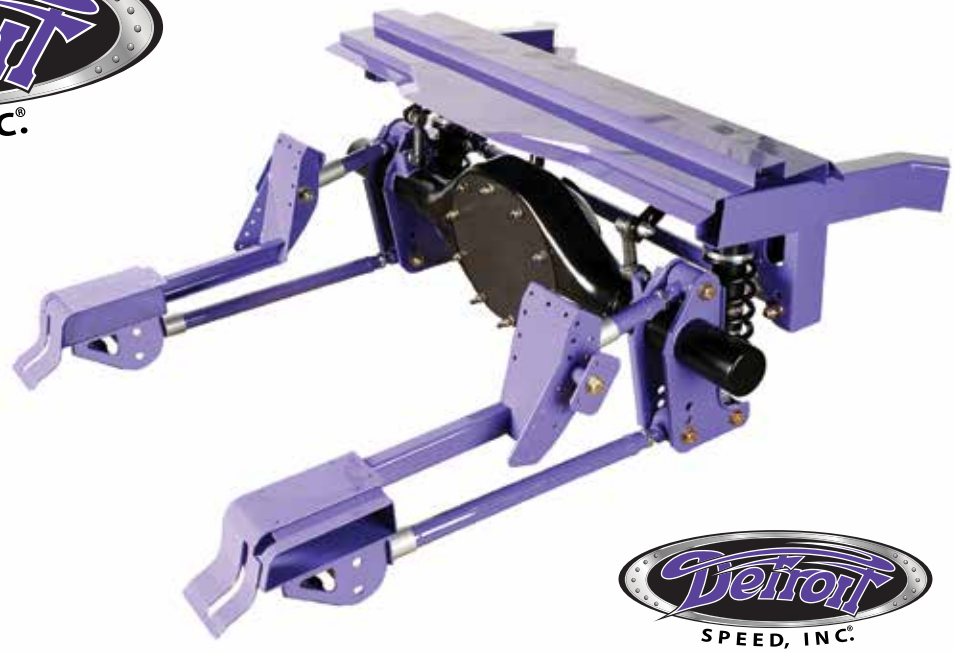
1964-1970 Mustang QUADRA-Link Rear Suspension Kits



QUADRA-LINK REAR SUSPENSION KIT for 1964.5-70 MUSTANGS - BASE SHOCKS

This is a great way to upgrade from original leaf spring suspension. Unlike our competitors, our exclusive 4-link geometry design is uncompromised to achieve the best possible handling. The Detroit Speed "Swivel-Link" (Patent No. 7,398,984) allows the suspension to fully articulate with smooth solid motion with no binding. The best feature is that this is achieved without heim-joints. Heim-joints are noisy and wear out fast. The Detroit Speed, Inc. QUADRALink™ utilizes tuned high-durometer rubber bushings (in place of heim joints or squeaky urethane bushings). The long upper links provide great pinion and u- joint angle control. Contrary to competitors' kits, our kit utilizes a panhard rod that provides precise and effective rear axle lateral location during hard cornering. The panhard rod is adjustable as ride height changes for roll center control. Also included is a rear sway bar. The sway bar is powdercoated gloss black and includes end links, bushings, and mounting brackets for installation. Don't settle for anything less than Detroit Speed's QUADRALink™ rear suspension!

Detroit Speed, Inc. QUADRALink Features:

- No compromises in suspension geometry
- Detroit Speed exclusive no-bind "Swivel-Link™" (Patent No. 7,398,984) technology
- Designed to work with Detroit Speed Mustang Mini-Tubs
- DSE/JRi Aluminum body coilover shocks with 'Detroit Tuned' valving
- Coilover Springs
- Upper floor pan crossmember assembly significantly stiffens rear body and frame section
- Long panhard rod for rear axle lateral control during hard cornering
- Adjustable mounting points for correct geometry at different ride heights
- Includes .750" OD x .156" wall rear sway bar
- Designed for a 3" Exhaust
- Spanner Tool for easy shock adjustments
- All links are powdercoated satin black

Note: Axle brackets require a 3" axle tube

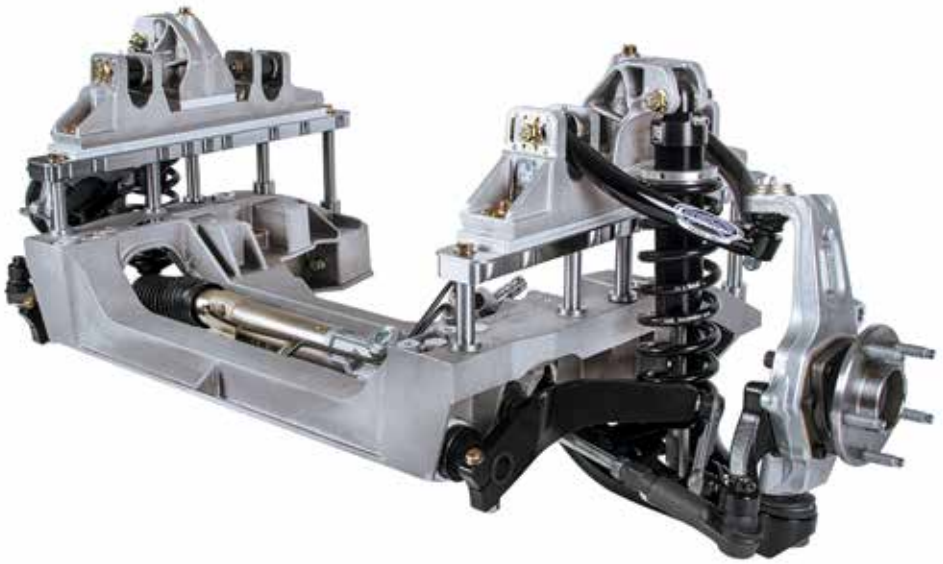
1964-1970 Mustang Aluma-Frame Front Suspension Kits



ALUMA-FRAME FRONT SUSPENSION SYSTEM for 1964.5-70 MUSTANGS BASE SHOCKS - FORD 5X4.5" BOLT PATTERN

All aluminum front suspension systems for 1964.5 -1970 Mustangs featuring Detroit Speed's unique suspension geometry with 6" of suspension travel for the ultimate in ride and performance.

Detroit Speed, Inc. Aluma-Frame Features:

- Unique cast aluminum cradle and mounting components resulting in a high strength to weight ratio & precise fitment
- Tubular upper and lower control arms • 'Detroit Tuned' rack & pinion steering
- DSE/JRi aluminum coilover shocks with Detroit Tuned valving available in fixed valve, single adjustable, double adjustable or remote canister double adjustable versions • Torrington Bearings • Splined integrated style Sway bar
- Detroit Speed's Speed-LIGN (patent pending) caster/camber adjusters allow a wide range of adjustability to be made precisely & quickly without needing any additional shims
- Utilizes aluminum uprights and hub packs with a Ford 5" x 4-1/2" bolt pattern
- Can fit up to P265/35R18 tires on a 9" rim on early models & up to P295/35R18 tires on a 10.5" rim on later models

- Retains stock framerails and inner fenders and only requires a small amount of fabrication for installation
- Engine mount kits available for Ford small block Windsor engines, Ford FE big block engines, Ford 4.6, 5.4, and Coyote 5.0 modular engines including the Boss 302; as well as, GM LS engines
- Spanner Tool for easy shock adjustments
- Forged Detroit Speed Spindle
- Composite Sway Bar Bushings

Base Shock: The DSE/JRI 'Detroit Tuned' base shock is a 'pure blood pedigree' racing shock in its most efficient form as a non-adjustable unit. Although non-adjustable, it shares all the increased dynamic responses of all the JRI adjustable models while providing excellent ride quality on the street.

Note: Sway bar arms are satin black, upper and lower control arms are gloss black.
Note: Must use at least 17" wheels that require a minimum inside wheel diameter of 16.250".
Note: The Aluma-Frame will need to be modified to clear the alternator on the Coyote engine application. Detroit Speed offers an alternator relocation bracket that will be required along with modifying the Aluma-Frame to fit the Coyote engine. Call for details.
Note: For competition applications, the Detroit Speed rack & pinion fluid transfer conversion kit will replace the hardlines on your Detroit Speed rack & pinion using -4 AN steel fittings. The hoses are Teflon lined to handle the high pressure demands of the steering system and come with pre-crimped stainless steel fittings to attach to the -4 AN fittings.

Steel Chrome Wheels

This classic styled wheel offers vintage Mustang owners a beautiful wheel in sizes ranging from 14x5" to 15x8". The wheel features a brilliant show chrome finish center with Mocha Silver or Charcoal Silver painted windows. As mid-1960s Ford Mustang Wheels continue to get more expensive and harder to find, premium quality reproduction wheels like these are a welcome offering for Mustang restoration projects. **Proudly Made in the USA!**

LEGENDARY WHEELS - GT5

The Legendary GT5 alloy wheel is inspired by the original wheels equipped on 1965 Shelby GT350's. The original wheels were a 15 x 6 two piece alloy / steel design. The new GT5 is a 15" x 7" one piece cast aluminum alloy wheel that is significantly lighter and can accommodate larger tires. Each wheel features CNC machined details and a clear coat finish for a show winning look. Legendary Wheel Center Caps are included with wheel. Ford center caps are sold separately.

MA14890 65-73 Legendary Wheel - GT 5 - Alloy 15"x7"..... $203.99

#MA14894

LEGENDARY WHEELS - GT6

The Legendary GT6 is inspired by the 1966 Shelby GT350 10-spoke alloy wheel. This updated design was created using state-of-the-art casting technology for superior strength and precision. Each wheel features a CNC machined gloss black face with a clear coat finish. The GT6 is available exclusively in 15" x 7" to allow for more tire options. Legendary Wheel Center Caps are included with wheel.

Legendary Wheels - Magstar II

The Legendary Magstar II is the modern interpretation of the Kelsey Hayes wheels originally equipped on 1967 Shelbys. This stylish split 5-spoke design with bright sculpted details and contrasting accent panels is the perfect addition to any classic Ford muscle car. Each wheel features a precision one-piece cast aluminum structure with a CNC machined face and a durable clear coat finish. The lighter weight one-piece design of these wheels also provides a significant weight savings over the original steel/cast aluminum design delivering improved acceleration and breaking performance. They are available with gloss black or charcoal accents. Legendary Wheel Center Caps are included with wheel. Lug nuts and officially licensed Ford / Shelby center caps sold separately.

Aero Kits

Aero Kits

APR Performance Widebody Aerodynamic Kits are designed to achieve the best possible aerodynamic characteristics. Each APR Performance Widebody Aerodynamic Kit is engineered to reduce drag coefficients, widen stance & increase traction. Not only are the kits fully functional but also provide a unique look that matches the curves and shapes of each specific vehicle. To ensure the quality, fitment & finish, high grade fiberglass & carbon fiber materials are used in the construction of these aero kits.

How To Rebuild Ford FE Engine

Ford FE engines, which were manufactured from the late 1950s all the way through the mid-1970s, were designed as the large-displacement engines in the Ford line-up. FE means Ford Edsel, and reflects an era when Ford sought to promote the Edsel name. The design of these engines was implemented to increase displacement, as were most big blocks of the era, but they grew quickly to fill the needs of rapidly changing chassis requirements & consumer demand for larger vehicles. In Ford FE Engines: How to Rebuild, you will learn everything you need to know to rebuild one of these legendary engines.

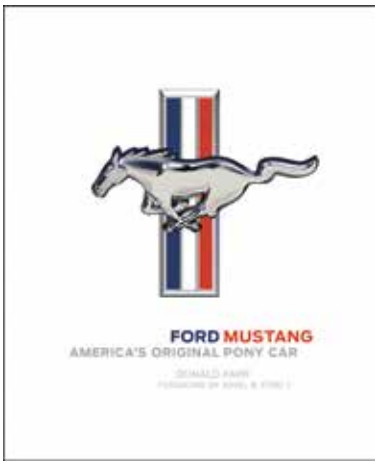
Mustang RED BOOK

The Mustang is America's most popular pony car. Whether you're a collector, historian, or armchair enthusiast, you need all the specs & details that define each Mustang year and model. The Ford Mustang Red Book is your one-stop information shop - a key companion for shows, auctions or any venue where you need to quickly & easily access accurate reference data.

MA75000 1965-2015 Mustang Red Book..... **$21.99**

America's Original Pony Car



In the early 1960s, Lee Iacocca--then director of the Ford division at Ford Motor Company - convinced Henry Ford II to produce a sporty four-seat car aimed at the emerging youth market. That car, essentially a reconfigured and re-skinned Falcon economy car, became the Ford Mustang, and it changed the automotive world like no other car before or since. In Ford Mustang: America's Original Pony Car, acclaimed Mustang writer Donald Farr celebrates this unbroken lineage of muscle. He chronicles the car's phenomenal first-year sales, the new pony car category it pioneered, and subsequent models that include the Mustang GT, Shelby GT350, Shelby GT500, Super Cobra Jet, Boss 302, and Boss 429 - all part of a line of American performance cars that continues to this day. Created in cooperation with Ford Motor Company and featuring some 400 photos from its historic and media archives, Ford Mustang is a must on the bookshelf of any muscle car or Ford aficionado.

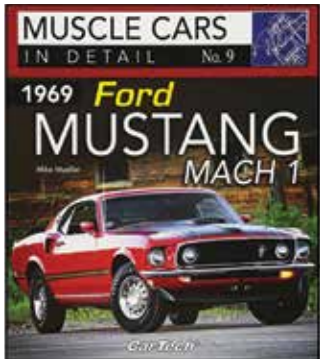
Mustang 1969 Mach 1



By the time the 1969 model year rolled around, it was well established that muscle cars were fast and plentiful. Every manufacturer had at least one corner of the showroom where the "go fast" guys could congregate and discuss the merits and time slips of the latest performance offerings. Competition being what it was, manufacturers were looking for ways to entice potential buyers to choose their product over ever-increasing offerings from the competition.

Mustang BOSS 429

The Boss 429 has its roots in NASCAR racing. By 1967, Ford had enough, and the Boss 429 was the answer. Chrysler's 426 Hemi was dominating NASCAR competition, and Ford's attempt to race the 427 SOHC "Cammer" had failed. So Ford and its engineers, with the help of Holman-Moody, returned to the drawing board to create a clean-slate big-block engine to beat the dominant Hemi.

Returns

You may return products other than Special Orders, if returned in unused, original condition in original packaging. There is no need to call for authorization. Complete the Return Form enclosed with your shipment and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. No COD returns will be accepted.

Returns will be refunded in the same manner in which they were paid (i.e., credit card refund or refund check). There will be no restock charges assessed for returns up to 3 months old from invoice date. Returns older than 3 months, but less than 6 months will be assessed a 25% restock fee. Returns older than 6 months, but less than 12 months will be assessed a 35% restock fee. Returns more than 12 months old will not be accepted. Returns of partial sets/kits will not be accepted. Parts will be mailed back to customer at customer's expense.

Embroidered Items are Non-Returnable

Mustang America items requiring use of an embroidery code to order are considered custom made and therefore are NON-RETURNABLE. Please confirm your fitment and logo choice with your preferred dealer or one of our sales agents before placing your order. All workmanship and quality warranties still apply to MA manufactured embroidered items.

Refused Shipments

If a shipment is refused, customer will be charged for shipping and handling plus a restocking charge of 15% of the product value.

Service Policies

The following charges will be assessed under specific conditions:
1 1/2% per month for an outstanding balance over 30 days old. $25 for returned checks. 50% of bad debt collection assessment will be charged to any customer whose past due amounts must be placed with a collection agency.

Core Return Policy

Our rebuilders are not able to accept core returns on items once they have been modified in any manner. In order to receive full core credit, core returned must be the same year, option and application as the item ordered. Core must be complete and in rebuildable condition to receive full credit. Please drain all fluids. Cores are to be shipped to Mustang America pre-paid by the customer. Core verification takes approximately 3-4 weeks. If you have any questions, please call our Customer Service Department prior to returning.

Same Day Processing - Only $5.00

Standard order processing time is 24 hours. **Most orders placed by 2 p.m. ship the same day.** If you absolutely need your order shipped same day, call us Monday thru Friday before 2:00 p.m. Eastern Standard Time (EST) and request Same-Day Processing. For just $5.00 we'll provide special processing of all in-stock parts & ship same day. Next day delivery is also available, call for rates.

Defective Items

Unless otherwise specified, all products are warranted to be free of defects in workmanship and materials for a period of 30 days from the invoice date.

Shipping Damage, Lost or Missing Merchandise

Please inspect your order upon receipt. If damaged, lost or missing merchandise, please contact Mustang America within 5 days of receipt for instructions on how to proceed. Failing to do this could jeopardize the refund or replacement of the damaged or missing items. Please save the original box and packaging materials for inspection by the carrier. Damage/loss claims cannot be filed after 15 days from the date of receipt of the package. Items shipped via truck must be opened and inspected while the driver is still on the premises, and damage noted if there is any.

Prices Subject to Change

During the length of time our catalogs circulate, the price or availability of items may change without notice. While every effort is made to ensure accuracy, Mustang America is not responsible for errors or omissions in this catalog or unforeseen price adjustments.

We Accept Credit & Debit Cards, Checks & Money Orders.

California Proposition 65

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products in this catalog: **WARNING**: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Motor Vehicles

California requires the following notice:

WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead and lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Tools

California requires the following notice:

WARNING: Some dust and particles created by power and hand tools from cutting, sanding, sawing, grinding, drilling & other activities contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.

Mustang America's PRICE MATCH GUARANTEE

We will match any competitor's price! Show us any advertised product in a current catalog, website or magazine and we will match that price. The advertised product must be identical and from the same source or vendor. We work hard to provide our customers with the best quality products at the best prices! This offer does not include Clearance, Web Specials or Sale prices & cannot be combined with any other discounts. Price Match is available for orders being placed. Previous orders are not eligible to be price matched. All price matches are subject to approval and at the discretion of Mustang America.
